## ABOUT

Highly motivated Electronics and Communication Engineering student with a current CGPA of 8.04 , eager to embark on a beginner role in a reputable organization to further enrich and explore my technical acumen. Proficient in various aspects of electronics and communication systems, with a keen interest in advancing my knowledge and skills in a professional setting.

---

## EDUCATION

QUALIFICATION	NAME OF THE INSTITUTE	YEAR OF PASSING	MARKS/CGPA
SSLC	Divine Mercy High School, Hunchanatti	2018	89.12%
PUC	Raja Lakhamgouda Science, Belgaum	2020	82.33%
ENGINEERING	KLE.Dr.M.S.Sheshgiri college of Engineering and Techonology,Belagavi	2024	8.04

## PROJECTS

- **VTU CGPA and SGPA Calculator with MySQL Integration** :Developed a CGPA and SGPA calculator for VTU students using Python and Tkinter for the graphical user interface. The application allows users to calculate their Cumulative Grade Point Average (CGPA) and Semester Grade Point Average (SGPA) based on their grades. Integrated MySQL database for storing user data.
- **Product Recommendation System Using AI/ML and Python**: Developed a comprehensive product recommendation system leveraging AI/ML techniques and Python programming. Implemented collaborative filtering and KNN clustering algorithms with a brute-force approach to create a robust recommendation engine.
- **Student Management System** : I developed a Student Management System using Java with JDBC for SQL connection and Spring Boot framework. The system features essential functions including registration, updating student details, viewing a list of students, deleting records, and searching. Developed entirely in Eclipse IDE
